

TIMEWISE VISUAL CONTROL BOARDS are really easy to use. Just a few simple steps are all that is needed to use these boards efficiently:

- 1) You simply write or type on colored perforated paper tabs.
- 2) Insert the tab into the magnetic holder.
- 3) Move as needed in any direction from column to column.

You can rearrange your schedules as often as you need to. Once a week, once a day, once an hour and you never have to rewrite or make up new forms!

A lot of care goes into the manufacture of these visual control boards. The frame is heavy gauge extruded aluminum. The back is completely sealed. The boards are rigid and strong, and lightweight. They hang on the wall like a picture...and give you a picture of your operations at a glance.

Businessmen who use them think TIMEWISE VISUAL CONTROL BOARDS are great. Here are some of their comments:

"Simplest, best way to control activities of our maintenance staff. Changes are easily posted."

"Works fine. We can see the work schedule of each of our machines in a jiffy."

TIMEWISE VISUAL CONTROL BOARDS cost a good deal less than other control boards that are more complicated and troublesome to use. Whatever jobs you assign to them these boards will be a time, work, and worry-saver giving you solid value far beyond their original cost.

SPECIAL 30-DAY NO-RISK FREE TRIAL

There's no need to decide now...try before you buy. Let TIMEWISE prove its worth on your own terms, in your own operation. Use the board - work with it - see if it suits your needs. If you are not completely satisfied, return the board and you owe us absolutely nothing! Send today for the TIMEWISE board that suits your needs on the 30-day free trial basis. Just use the handy order form on Page 15 and we'll ship your board immediately.

Sincerely yours,

S. Watts

This is an unconditional free trial offer!

DON'T GUESS... KNOW WHAT'S HAPPENING IN YOUR BUSINESS

**EASY TO
USE!**

1. Simply type or write on colored perforated paper tabs.

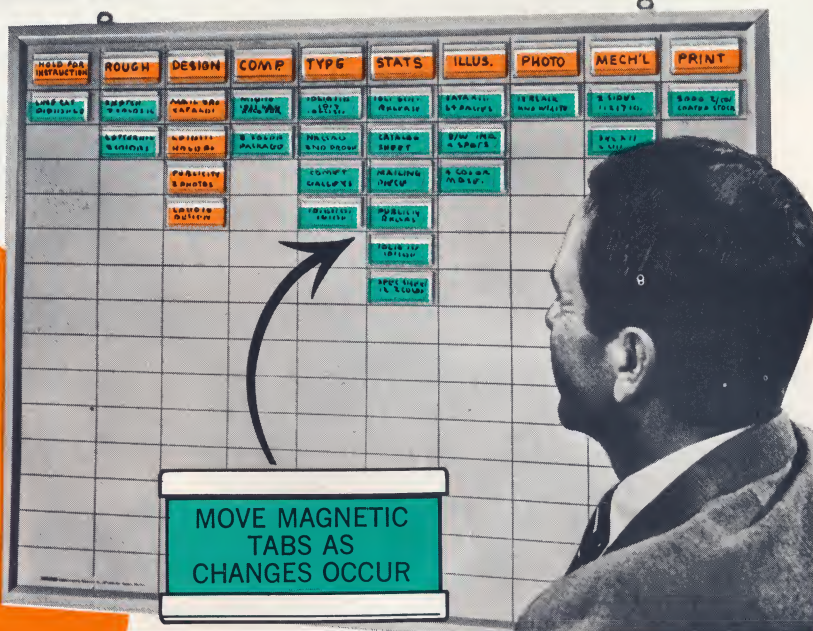

2. Strip tabs from perforated sheets.

3. Insert tab in Magnetic Holder and place on board.

4. Move as needed (in any direction) from column to column.

**COMPLETE
AT-A-GLANCE PICTURE
OF YOUR OPERATION**

TIMEWISE®
MAGNETIC-TAB VISUAL CONTROL BOARDS

Simply hang Timewise on your wall like a picture (hangers are attached). It will show at a glance the complete status of your operation at that very minute. You always know where you stand without shuffling through papers, leafing through files or hunting through folders. Any information you need can be ascertained quickly.

ARRANGE AND REARRANGE SCHEDULES QUICKLY AND NEATLY

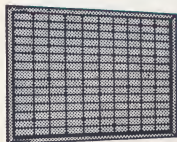

As changes occur, you register them instantly by moving the holders on the board or by slipping in a new tab. It's the only board of its kind that's so simple to arrange—so easy to keep up-to-date! Instead of making up new forms when changes take place, you just move the magnets.

**NEVER WEARS OUT
NEVER BECOMES OBSOLETE
HANGS LIKE A PICTURE**

EVERYTHING YOU NEED FOR VISUAL EFFICIENCY

CONVENIENT SIZED BOARDS

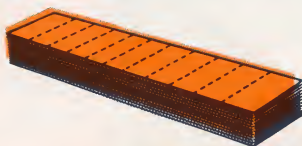

Timewise magnetic visual control boards are available in several different sizes. Each board has a sturdy aluminum frame and a white facing that is divided into columns by thin black lines printed on the face of the board. Each space is sized to fit the dimensions of the magnetic tab holder being used. To make changes, you simply move the tab holder from column to column.

MAGNETIZED TAB HOLDERS

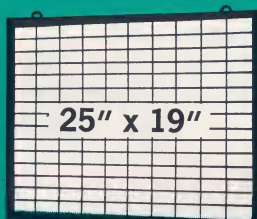

With each board, you get a quantity of magnetic tab holders which fit into the marked-off spaces on the board. It's as easy to move the tab holders from space to space as it is to move checkers around a gameboard. What's more, the tab holders hold the paper tabs neatly and firmly in place on the board—keep them from getting smudged, creased, dog-eared or lost. The magnets are permanent and will stick tight indefinitely.

TINTED PAPER TABS

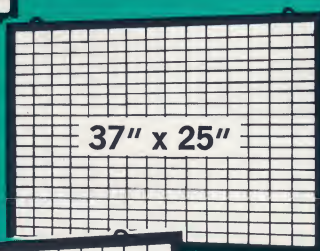

You receive various colored paper tabs in perforated sheet form. Just write or type the necessary legend on the tab, lift it off the card, and insert it in the holder. The paper tabs are approximately the same size as the magnetic tab holders.

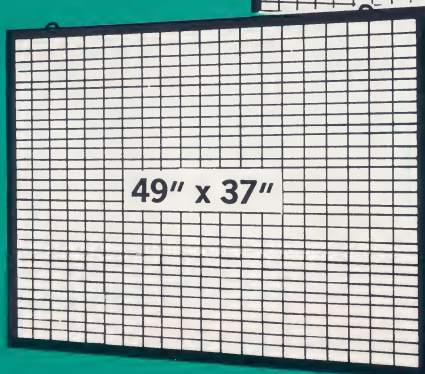

HOW TO SELECT THE PROPER BOARD FOR YOUR NEEDS

25" x 19"

37" x 25"

49" x 37"

1 Decide on the size of the board
(3 sizes are available)

2

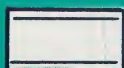

Decide on the size of the magnetic tab holder. *(The paper tabs will be approximately the same size as the holder.)*

2" x 5/8"

4" x 5/8"

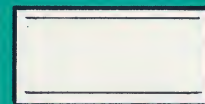

2" x 1"

4" x 1"

2" x 1 3/8"

4" x 1 3/8"

The following Pages will show you the various standard size units that are available.

Order by board number (Timewise 150, Timewise 110, etc.) as all boards are prepacked with tab holders and paper tabs as shown in each unit. If additional magnetic tab holders and paper tabs are needed they will be shipped to you in separate packages.

The following Pages show the various standard size units that are available.
